

1

00:00:04.938 --> 00:00:06.806

Surprises can be fun,

2

00:00:07.340 --> 00:00:09.109

but not when it comes to banking.

3

00:00:10.944 --> 00:00:12.679

With alerts, you can stay in control

4

00:00:12.679 --> 00:00:13.813

of your Commerce accounts

5

00:00:13.813 --> 00:00:15.582

from anywhere, anytime.

6

00:00:18.551 --> 00:00:20.787

Set alerts to notify you by text or email

7

00:00:20.787 --> 00:00:23.189

when your balance goes below an amount you specify,

8

00:00:23.189 --> 00:00:24.958

or a deposit has been received.

9

00:00:25.825 --> 00:00:27.227

Alerts can also warn you

10

00:00:27.227 --> 00:00:28.628

of suspicious account activity

11

00:00:28.628 --> 00:00:29.929

for added security.

12

00:00:32.565 --> 00:00:34.334

Get text messages when a purchase is made

13

00:00:34.334 --> 00:00:36.102

that's over your specified limit,

14

00:00:37.103 --> 00:00:38.705

when your card is used online,

15

00:00:38.705 --> 00:00:40.473

by phone, or at an ATM,

16

00:00:41.474 --> 00:00:43.243

or when a transaction is declined.

17

00:00:46.212 --> 00:00:48.248

Alerts can confirm your debit or credit cards

18

00:00:48.248 --> 00:00:50.150

are locked or unlocked,

19

00:00:50.150 --> 00:00:51.785

and whether any personal information

20

00:00:51.785 --> 00:00:53.219

on your account has changed.

21

00:00:55.622 --> 00:00:57.590

Staying on top of your account activity

22

00:00:57.590 --> 00:00:59.859

with alerts can give you greater peace of mind.

23

00:01:01.161 --> 00:01:02.362

To sign up,

24

00:01:02.362 --> 00:01:04.130

simply log on to online banking

25

00:01:04.130 --> 00:01:05.899

at [commercebank.com](http://commercebank.com)

26

00:01:07.767 --> 00:01:09.269

Click on "customer service"

27

00:01:09.269 --> 00:01:11.738

and select "view and manage alerts".
