

Texting for Fraud Check Video Transcript

Check fraud is on the rise.

Criminals can steal your check and change it without your knowledge.

Now we can help alert you before fraudsters steal your money.

Confirm we can have your correct mobile phone number on file so we can help you keep your money safe.

Although reviewing your monthly account statements in a timely manner is always the first line of defense against fraud, Commerce Bank hopes its alert service will help aid in all of our efforts to prevent check fraud.

Commerce Bank™ Member FDIC. Challenge Accepted.®
